## **Secura wins first security services contract in the semiconductor industry worth S\$3.15 million**

**SINGAPORE, 22 June 2017**– Secura Group Limited (新保安集团有限公司) (“**Secura**” or the “**Company**” and together with its subsidiaries, the “**Group**”), one of the leading providers of security products, services and solutions in Singapore, today announced that its wholly-owned subsidiary, Soverus Pte Ltd (新保安私人有限公司) (“**Soverus**”), has been awarded a security services contract of S\$3.15 million by a leading global semiconductor company.

The contract is for the provision of security services at two of their purpose-built facilities in Singapore for a duration of two years.

**Mr. Paul Lim (林春伟), Chief Executive Officer of Secura** said, “We are heartened that this is our third major contract win in less than six months and that it is our first contract in the semiconductor industry. The scope and nature of security guarding work is more complex in this industry due to the presence of purpose-built facilities as well as stricter theft prevention protocols to prevent theft of intellectual property. These require a higher level of expertise and care, which we are proud to be recognised for in the industry. Given the heightened security risks regionally and globally in recent weeks, business and property owners are looking to strengthen their security infrastructure and systems, and we will continue to leverage on our track record to increase market share in the security guarding industry.”

In April 2017, Soverus won a S\$4.9 million security services contract from Australian International School Pte Ltd, which followed the S\$6.7 million security services contract from SBS Transit DTL Pte Ltd in January 2017.
